

Oral Presentation Grading Sheet

A total of 35 pts. is possible for the oral presentation of your project paper. Point values correspond from Excellent to Poor (Excellent = 7, Good = 5, Adequate = 3.5, Fair = 2, Poor = 0) for each of the following five categories.

Speakers:

1. Clarity and Speaking Ability

Presentation clearly understandable, with poise, good voice quality, and less reliance on notes

2. Organization

Presentation delivered in a logical order, one thought leading to the next in a framework of the sections that that formed the basis of the paper

3. Use of Visual Aids

Visual aids of good quality and used effectively (overheads, Power Point presentations, etc.)

4. Timing

Presentation completed within 10-12 minutes, leaving time for questions

5. Content

Was the content sufficient to describe the ecology of this family of fishes in the context of the topical areas? Could more have been done? Was there too much information in one area and not enough in another?
