The SDSU McNair Journal

Summer 1995

Volume One

Table of Contents

Foreword.....	vi
Preface.....	vi
Introduction.....	vii

Astronomy

Spectroscopy in multiple wavelengths of the rapid mass-transfer binary W Serpentis

Hilde N. van den Bergh..... 7

Biology

Effects of calcium on cadmium toxicity in freshwater fish species

Carassius auratus

Ramon Hernandez..... 19

Site-specific recombination: Isolating mutations which block strand exchange

Tien Quoc Le..... 19

Effects of habitat fragmentation on bird diversity in southern California grasslands

Ruben Murcia..... 25

Chemistry

Organometallic Chemistry: Techniques newly explored	
Heather Eileen Sebring	37

Education

A comparison of middle grade students' attitudes and understanding of algebra	
Ron Anderson.....	46

Supercomputational science and high school mathematics education	
Andres Parra.....	62

The SDSU single subject bilingual emphasis credentials across a five year period: An analysis of salient characteristics	
Gloria G. Parra	74

Geology

Assessing volume and mass change in a high-level contact metamorphic aureole	
Charles E. Hoelzer and M. Isabel Pimentel	88

Mathematics

Regression problems: A neural network approach	
Misael C. Camarena	100

Parental involvement in mathematical education	
Laura Rivas.....	111

Physics

Electron spin resonance of transition metals	
Anna Marie Field	116

Second harmonic generation using LBO	
Willie Padilla	122
Analysis of a loudspeaker	
Joseph G. Valladares	130
<u>Psychology</u>	
High scores on the schizotypal personality questionnaire (SPQ) are associated with elevated scores on the clinical scales of the Minnesota Multiphasic Personality Inventory-2 (MMPI-2)	
Shae B. Alai	144
The relationship between peer victimization, group entry styles, and peer networks	
Traci Leigh Bergthold	152
The effects of participating in PRIMER on maternal self-esteem and mothers' use of reinforcements	
Evellyn Elizondo	158
Mothers' and children's health locus of control beliefs	
Maria de Lourdes Elkins	162
The effect of project PRIMER on language complexity	
Alma Gamez	172
The effects of an intervention on reading attitude and behavior	
Yolanda Gamez	176
Effects of thiamine deficiency on thermostasis and circadian rhythm	
Teresa Hall	181
Male closeness in the family: A comparison of the U.S. and Mexico	
Renee R. Isaacs	190
Children's health locus of control in relation to age and family size	
Juan B. Navarrete	195

The effects of education and social support on anxiety, helplessness, and depression
Rosario Sotelo..... 203

Comparison of olfactory threshold tests in normal and anosmic persons
Thuy-Minh Tran 209

Public Health

Process evaluation of a nutrition based program for low-English proficient Latinos in English-As-A-Second-Language (ESL) classes
Ofelia Alvarado..... 220

Happy Child family substance abuse prevention project: Research regarding the effects of the program
Gail J. Alveti 229
